

Here are just a few of the many benefits of the **BIOENERGETIX WELLNES SYSTEM (BWS)**, Bio-Feedback, PEMF and Information Therapy:

- The **BioEnergetix WellNES System** software returns recommended protocols to stimulate the client's innate self-healing ability.
- PEMF therapy reduces pain and speeds up healing by stimulating stem cell production.
- Regenerates damaged tissue.
- Resolves performance issues in healthy people and aids recovery after injury or illness.
- Relieves soreness, stiffness, arthritic conditions, ligament, tendon, muscle or bone injury.
- Improves circulation, not by increasing heartbeat or blood pressure, but by opening and dilating arteries and capillaries. This also reduces swelling.
- It's backed by more than 30 years of scientific research and over a decade of human studies.
- It's also widely used in the treatment of bone fractures and torn tendons.
- Enhances the synthesis of protein cells, allowing the body to take advantage of all protein available.
- Increases cellular level of oxygen absorption. Studies have shown O₂ partial pressure increased 200%.
- Infoceuticals help to restore the body's balance and stimulates the body's own healing responses.
- Keeps your clients supple, relaxed and fit.
- And more!

Frontier science proves that there is a regulating Body-Field of energy and information that operates in the physical body at the sub-cellular level. At NES Health, we call this the **Human Body-Field** and we have researched its functions and structures for more than 30 years.

In that time we have discovered that the root causes of physical problems are distortions and blockages in the **Body-Field**, which serves as a master control system for all physiological function. The harmonious interactions of the components that comprise our **BioEnergetix WellNES System** correct these distortions, so the **Body-Field** can more easily and naturally return to optimum function.

Founded by visionary and entrepreneur Harry Massey and the late frontier scientist Peter Fraser, NES Health leads the world in bioenergetics, the study, detection and correction of energy in living systems.

Re-assess the Body-Field, the body's control system, with the **BWS scanning software**

STEP ONE...

is the ground-breaking **BWS scanning software** that lets you see the unseen

With a single click, and in seconds, it returns a richly detailed overview including multiple screens and physiologically accurate graphics

- See beyond your client's symptoms
- See the information the body needs to heal
- See the distortions in information and clear energy blockages
- See your client: get well - stay well!

Re-juvenate and unblock the energy-field with **NES miHealth**

STEP TWO...

is the powerful, yet safe, **NES miHealth™** hand-held device

Easy-to-use, The BWS scanning software tells you how and where to place the device.

miHealth - as seen on The Doctors Show - is non-invasive and clinically researched.

It uses the proven benefits of biofeedback and PEMF (Pulsed Electromagnetic Field therapy) to locate and release energy blockages.

Clients experience immediate relief and rejuvenation as the device clears pathways for information to flow through the body properly.

Re-imprint the information of the body's control system with **NES Infoceuticals**

STEP THREE...

NES Infoceuticals™. A wide range of liquid remedies imprinted with proprietary bio-information

Infoceuticals help re-imprint the body's control system to its optimal state.

The BWS scanning software recommends the Infoceuticals most critical for the body's wellness based on its assessment.

They are a key component of the BioEnergetix WellNES System. They interact directly with the Human Body-Field to strengthen it and improve its information flow. This allows the Field to better guide all the body's functions, restoring the body's innate ability to correct and maintain itself. Working with these blockages restores the body's balance and enhances its inherent healing qualities.

They are safe, effective and easy to use.
